Dear Planning Policy Team

Thank you for your Regulation 16 consultation on the submitted version of the Leckhampton with Warden Hill Neighbourhood Plan.

I can confirm that there are no issues associated with the submitted Plan upon which we wish to comment.

This confirms our anticipated position on the Plan as stated within our response to your authority on the previous SEA Screening consultation.

We would however like to highlight that our records suggest that we did not receive a Regulation 14 consultation from the community. But had we done so we would likely not have submitted any comments different to those made here.

Kind regards
