

## **CHELTENHAM LOCAL INDEX – CRITERIA:**

Locally listed buildings or structures are those which make a special contribution to the history, appearance, character, and cultural value of Cheltenham. They include buildings which have qualities of age, style and detailing; historic structures such as walls or railings; historic street furniture including post boxes, bollards, street lighting; and other features which have historical or cultural significance, perhaps by association with a famous person or event. These should all survive in a clearly recognisable form, with their historic features and layouts still present. Some selection of the better examples of these buildings or structures will be necessary. It is likely that most of the entries will date from the mid-19<sup>th</sup> to the mid-20<sup>th</sup> century.
