	No	
3.3	Is the proposed site "local in character"?	
	e.g. does the site feel as though it is part of the local area? And why? How	
	does it connect physically, visually and socially to the local area? What is	
	your evidence?	
	Yes. Because it is conveniently positioned for families for either post	
	school or generally at the weekends close to All Saints households.	
	Soft children's play area, dog walking, serves a community that would	
	otherwise have to walk to Pittville Park. Many terraced houses in the area	
	served have only small gardens. This space is unique in the area with	
	allowing children to play in a safe area, with minders able to enjoy the	
	grassed park on the benches provided at a distance which allows independence for the local children.	
4	Need for Local Green Space	
4.1	Is there a need for a local green space in this location?	
	e.g. is there a shortage of accessible greenspace in the area? Is there a	
	village needs survey or parish plan that provides evidence of that need.	
	Further information – Natural England (Accessible Natural Greenspace	
	Standard)	
	Yes. Very dense population / households in area means it's a critical piece	
	of green space.	
	It offers green space and a safe area around, otherwise, very small	
	property back gardens.	
	The CBC green space audit from 2008 showed All Saints had less green	
	space per head than any other ward (Steve Jordan (CBC) e-mail 17 th December 2014 as attached)

8.4	Did the site play an important role in the historic development of the village or town? e.g. the old site of the town railway station; the old garden for the manor house etc.	
0.5	Letter from County Councillor Colin Hay to Councillor Steve Jordan on 12 January 2015 as attachment: "In the late 1970's the Borough Council designated Fairview as a 'General Improvement Area' (GIA). I was the street representative and was involved in the consultations for the GIA. It included giving improvement grants to properties basic standards and a number of environmental improvements - including the establishment of a green space and play area known as Fairview green from a car par and some redundant properties owned by the Borough. The consultations were both through and detailed, I well remember that the establishment of Fairview Green had the full support of the community, as there was nowhere within easy access for children to play and for people to sit and relax."	
8.5	Did any important historic events take place on the site?	
8.6	Do any historic rituals take place on the site?	

	e.g. well-dressing; maypole dancing etc.

0.0	Recreational facility for local families. Children's soft-play area and green.	
9.3	Are the public able to physically access the site? e.g. are there any public rights of way across the site? Or adjacent to the site? Has access been allowed on a discretionary basis? Is there public access to the whole site or only part? Is there good disabled access to the site? (A site can still be designated even if there is no public access.) Further information – <u>Gloucestershire County Council</u>	
	Yes, the site is landscaped for public use with benches, paths, dog bins. There is good disabled access with paved paths and flat even surfaces maintained. The playground is also accessible.	
9.4	Is the site used by the local community for informal recreation? And since when? e.g. dog walking; sledging; ball games etc.	
	Yes. Ball games, informal recreation, dog walking and socialising. Letter from County Councillor Colin Hay to Councillor Steve Jordan on 12 January 2015 (appendix 1) "It is on the way home for many parents whose children go to Holy Trinity School and they often stop to allow the children to play, this also provides parents to valuable space to socialise. Local children use the green and play area on a daily basis".

10.1	Is this criterion relevant to this site?	
	Yes	
10.2	Do you consider the site to be tranquil? e.g. are there are any roads or busy areas close by?	
	Yes, Letter from County Councillor Colin Hay to Councillor Steve Jordan on 12 January 2015 (see Appendix 1) "This is a valuable, much used and well-loved oasis of green space in a town centre setting which the local community would be outraged if it were to be developed."	

	It is away from significant roads and traffic in an area of small streets and	
	terraced housing.	
10.3	Is the site within a recognised tranquil area?	
	e.g. within the Campaign to Protect Rural England's tranquillity maps	
11	Evidence to show that the green area "holds a particular local

Dear Steve

Designation of 'Fairview Green' as Local Green Space

I'm writing to support the designation of Local Green Space for 'Fairview Green' which lies between the corner of Sherbourne and York Streets, and Glenfall Street. In the mid 1970's and mid 80's I lived at 1 Glenfall Street and from 1985 to the present day I have lived at 12 York Street, the boundaries of both properties include Fairview Green. In 1981 I became the County Councillor for All Saints which at the time included Fairview Green. In the late 1970's the Borough Council designated Fairview as a 'General Improvement Area' (GIA). I was the street representative and was involved in the consultations for the GIA. It included giving improvement grants to properties basic standards and a number of environmental improvements - including the establishment of a green space and play area known as Fairview green from a car par and some redundant properties owned by the Borough. The consultations were both through and detailed, I well remember that the establishment of Fairview Green had the full support of the community, as there was nowhere within easy access for children to play and for people to sit and relax.

I have seen first-hand as a local resident just how well the play area and green have been used over the years, and how valuable it has become a resource. Often the school and local playgroups will bring children to play there. It is on the way home for many parents whose children go to Holy Trinity School and they often stop to allow the children to play, this also provides parents to valuable space to socialise. Local children use the green and play area on a daily basis, indeed my own three children used the park a great deal whilst growing up.

This is a valuable, much used and well-loved oasis of green space in a town centre setting which the local community would be outraged if it were to be developed. I fully support it's designation as a Local Green Space.

Have added some details on why the sites picked are special - let me know what you think.

Not sure if/when the owners of the land get involved. Most are CBC so no problem with those but I guess the schools and church may be interested at some point – presume you can cover the cricket club.

I had a look at the CBC green space audit from 2008 which showed All Saints had less green space per head than any other ward – shows why each site is important! It also listed a couple of sites we didn't. Both are in the 'new' bit of FCA area. They were The Grove (presume the green bit in the middle of the turning circle at the end of the cul-de-sac) and Hales Close (not really sure what that refers to unless the green verge on the left hand side). Having said that, I'm happy to go with what we've got.

As mentioned I think that's all we need at this stage. Are you happy to go with this or would you like to meet/discuss?

Thanks, Steve.
