

Corporate Plan Summary 2023-2027

Key Priority 1

Our aim is to make Cheltenham the UK centre for cyber security businesses. To do this, we will build an exciting new Garden Community which will create jobs, provide more new homes and encourage business growth. At its heart will be the National Cyber Innovation Centre - a brand new home for the cyber security industry.

Key Priority 2

Our planet is precious and we need to work together to reduce climate change. We will take action on this ourselves, offer advice and share ideas. Our net zero action plan and new Climate Impact Assessment Tool will ensure we deliver a cleaner and greener environment for all and help make Cheltenham and the Council Net Zero by 2030.

Key Priority 3

Working with Cheltenham Borough Homes and others, we plan to increase the number of affordable homes. £180m will be spent on building new houses and on supporting tenants and existing communities. We will also continue to work in partnership with others to reduce homelessness and rough sleeping.

Key Priority 4

There will be a great deal of money invested in Cheltenham in the future. This will result in more jobs, skills and housing. We will work with local groups and partners to make sure local residents, communities and businesses benefit from Cheltenham's growth.

Key Priority 5

We will continue to work hard to keep our costs down and increase our income. This will help with the funding for key services such as health and education. We want everyone to be able to contact the Council 24 hours a day, 7 days a week. So we will introduce new ways to make this possible. Above all, we want to avoid wasting the taxpayer's money and make better use of our resources.

How we plan to support residents, communities and businesses in 2023-2027

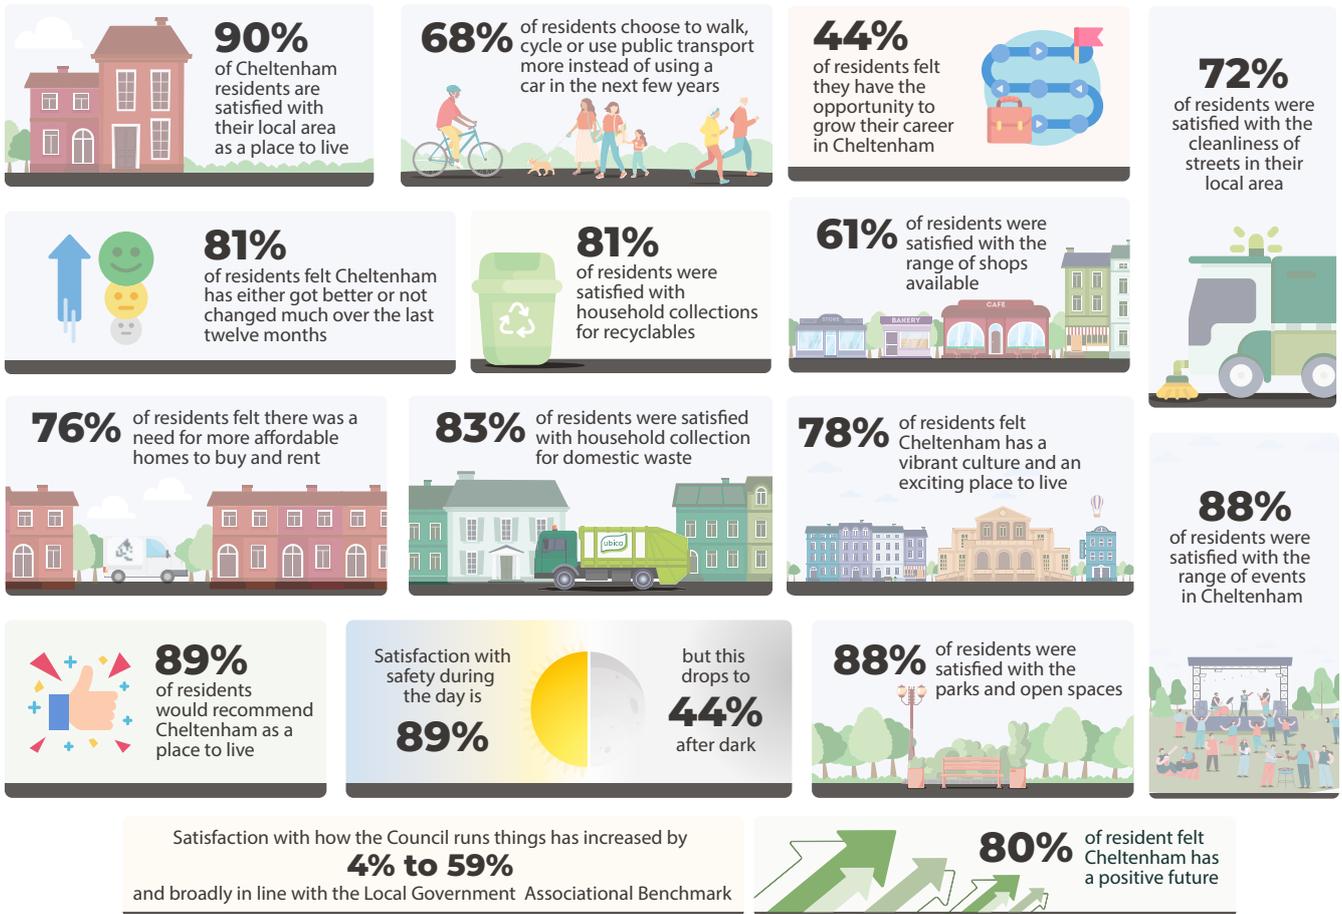

- Create more jobs
- Build more homes
- Work with our partners to help residents to keep warm and feed their families
- Invest in more skills and training opportunities
- Make Cheltenham the UK centre for the cyber security industry
- Encourage more shoppers on the high street
- Find more ways for people to spend money locally
- Keep Cheltenham clean and green
- Cut down on energy use and waste
- Do more recycling
- Improve housing estates and build sustainable communities
- Reduce homelessness
- Working with the Police to ensure we have safer streets at night
- Continue to raise awareness of issues affecting our children and working in partnership to reduce child poverty
- Develop a sports plan to help improve people's health and wellbeing
- Make it easier for people to contact us 24/7
- Deliver accessible and good quality car parking
- Achieve value for money for the taxpayer
